2014 Wendover & Wells Community Investment Program

At Newmont Mining Corporation, we believe in the importance of investing in the future of our communities. We are committed to the development of meaningful and measurable

programs within our communities through volunteer efforts and financial support. Areas of interest that may receive assistance include youth, education, recreation, art, culture and

history, environment, health and welfare, underserved populations and civic enhancement. For more information on our Community Investment Program, please visit our website or con-

tact Pamela.Smith@Newmont.com.

Celebrating 50 years on the Carlin Trend

NEWMONT®

50

Carlin Trend

1965-2015
A Golden Era

In May 1965, we poured our first gold bar on the Carlin Trend. Throughout 2015, we will be celebrating the 50th anniversary of that important milestone and the fact that we are still operating in northern Nevada! We owe this success to our employees and

the strong partnership they have helped us build with our local communities over the last 50 years. We look forward to many more years and many more gold pours in Nevada.

If you or someone you know worked for Newmont in the early days, particularly the 1960s and

1970s, please share your stories, photos, and any other mementos from that part of Newmont's history with communityrelations@newmont.com. Stayed tuned for Carlin history, stories and celebration activities throughout the year!
